

Create An Account In Sendgrid

Date	17 November 2022
Team ID	PNT2022TMID48162
Project Name	Smart Fashion Recommender Application

The screenshot shows the Twilio SendGrid dashboard for user 'saranya c. saranya'. The left sidebar contains navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The main content area is titled 'Welcome, saranya!' and includes a blue banner that says 'Send your first emails with Twilio SendGrid'. Below this, the 'Create a sender identity' section explains that a sender identity is needed before sending emails and recommends creating a 'Single Sender'. A button labeled 'Create a Single Sender' is visible, along with a link to 'Authenticate a domain instead'. An illustration shows an email header with 'Your Business' as the sender and 'jane.doe@your_business.com' as the email address. At the bottom, a message states 'Please create a sender identity before sending your first email.'

app.sendgrid.com/guide

Welcome, saranya!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

[Create a Single Sender](#) [Authenticate a domain instead](#)

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

Illustration: An email header showing 'Your Business' as the sender and 'jane.doe@your_business.com' as the email address.

Send your first email Please create a sender identity before sending your first email.
